EMPLOYMENT

LONG TERM CARE GROUP
Eden Prairie, MN
Jan. 2019 to Current
Financial Analyst
• Automating the finance department's manual processes by writing VBA, macros, and formulas while also accelerating processes and maximizing accuracy
• Providing analyses for pricing, revenue, and expenses on ad hoc and routine assignments
• Assisting in the design and development of additional business analyses, business intelligence models, and reports as requested by business teams to meet organizational needs
• Providing month-end financial updates and leading meetings with the corresponding departments
• Constantly communicating with assigned business leaders and functional teams on their financial and statistical trends
• Providing supportive analysis of ongoing performance
• Assisting with the preparation of monthly financial reports, analysis, and related commentary; including written analysis on the current and projected performance of assigned operational units
• Participating in monthly review of financial and operational results. Addressing material variances in a timely manner, identifying opportunities for improvement in financial and operational performance while communicating issues and concerns to management
• Supporting the preparation of annual budgeting and rolling forecasts

TARGET CORPORATION
Minneapolis, MN
Feb. 2018 to Jan. 2019
Merchandising Specialist
• Performed audits of product data associated with merchandise to ensure its accuracy
• Audited on average 1.5x more than the expected rate per day
• Assisted with administrative tasks and special projects
• Self-started job tasks each day and maintained a high-performance score while working with little to no supervision
• Proposed creative solutions for problems faced while working on multiple projects

KT CAPITAL LIMITED
Hong Kong
June 2017 to July 2017
Financial Analyst Intern
• Partnered with a Senior Financial Analyst on mergers and acquisitions
• Provided support on research, financial analyses, modeling, company structuring, and evaluation activities relating to completion and execution of corporate financial transactions
• Researched more than 6 companies' business structures and factors on the valuations

PROJECTS

DATA SCIENCE MINNEAPOLIS
Feb. 2019 to Current
Co-Organizer of the Data Science Minneapolis meetup group.
